

 DAY OF
PRAYER
AUGUST 22, 2019

PRAYER GUIDE

30 minutes of prayer for fellows, churches and the city

When TFI was launched in 2006, there were just five fellows programs. Today, there are nearly 30 programs, more than 250 fellows annually, and more than 2,100 alumni! The fellows movement is spreading across the United States and we are inviting you to be part of it through the ministry of prayer.

As the new fellows season begins, please join us for a time of prayer on August 22nd.

We're asking everyone involved with and impacted by the fellows movement to spend just 30 minutes, at any time during the day on August 22nd, praying for the upcoming fellows year and the many people involved with it. As you pray on the TFI Day of Prayer, please use the guide below or download the PDF.

30 Minutes of Prayer for Fellows, the Church and the City

Prayer for New Fellows and New Fellows Programs

Please pray for the 250+ new fellows that are starting in programs in August and September as they form meaningful friendships with one other, explore God's callings in their lives, begin new jobs, step into new service responsibilities, develop deep and lasting relationships in their church communities. The start of the fellows year is exciting and scary. Please pray that God would work in the hearts of the fellows in profound ways and they would experience his peace.

Please pray for all 27 cohorts of fellows, that community would be authentic, deep, and Christ-centered. Fellows programs are only 9-10 months long. Please pray that God would bless each cohort with the courage to be vulnerable and willingness to invest in one another.

Please pray for the 4 new fellows programs that are launching this fall (First Pres Fellows of Colorado Springs, Muncie Fellows of Indiana, Peninsula Fellows of Yorktown, and Virginia Beach Fellows), that God would bless the fellows of these inaugural classes, the leaders, and the churches that host these programs.

Prayer for Fellows Program Staff, Instructors and Volunteers

Please pray for the 44 fellows program staff, that is directors and assistant directors, as they prepare to launch into the program year. Pray for enthusiasm, wisdom, faithfulness as they seek to bless the church by inspiring and equipping fellows.

Please pray for the instructors, professors and pastors that invest so much into the educational aspect of the fellows experience. Pray that God would reveal himself to the fellows through the work of these committed teachers.

We estimate the community of fellows leaders and volunteers to approximately 1,500 people! Please pray for the host families, mentors, employers, leadership team members, and many other volunteers without whom fellows programs simply would not happen.

Prayer for Fellows Alumni around the World

Please pray for the more than 2,100 fellows alumni that live, work and serve in cities around the world.

Please pray that God would bless them as they seek to bring glory to Jesus Christ through their work, leadership, and service in the workplace, church, home, and community.

Please pray that God would call them even deeper into the life of the local church, as servant-leaders seeking to honor God in thought, word and deed while also blessing those around them by serving the common good.

Prayer for Partners and Sponsors

Please pray for the seminaries, colleges, and universities that partner with fellows programs across the country, that they would be blessed and encouraged by their work with fellows.

Please pray for the many partners of The Fellows Initiative as well as partner of the local fellows programs, that together they might impact the fellows, churches and cities for the Gospel.

Please pray for the sponsors of The Fellows Initiative. Sponsors are organizations that want to meet and engage with the amazing community of fellows. Sponsors include organizations that want to employ fellows, seminaries and graduate schools, along with missions mobilizers and influencers. Please pray that all of the TFI sponsors would be blessed and encouraged by their work with fellows.

Prayer for The Fellows Initiative

Please pray for the staff, board, and volunteers of TFI as they seek to serve the community of fellows program directors and to help churches start new programs. Please pray that God would bless the mission of TFI and the work of those involved with it.

Please pray that God would provide the funding required for the fellows movement to continue its path of growth and for TFI to meet the growing needs of the fellows network.

Please pray that God would move powerfully on college campuses, inspiring many - even a record number - of college seniors to join a fellows program by using the TFI Common Application. And, please pray that by participating in a fellows program, each of these applicants would be inspired and equipped to step into leadership, to the glory of God and for the common good.

Thank you!

On behalf of the community of fellows program leaders and the TFI staff and board, thank you for taking time to pray for this important ministry.

Our mission is to inspire and equip the emerging generation of Christian leaders for the workplace, church and society. We seek to serve the local church, drawing fellows into Christ-centered lives of intentional servant-leadership and community.

We would be honored if you would keep this prayer guide on your phone or laptop and continue to pray for the fellows, the churches, and the cities connected to this movement. If you would like to learn more about The Fellows Initiative, please visit **TheFellowsInitiative.org**.
